Rebuild NY Now Releases Statement on Governor Hochul’s State of the State

“The devastating effect of inflation, supply chain issues and other increasing costs on State infrastructure projects can no longer be ignored, with every region of New York seeing bridge conditions decline and two-thirds of regions seeing their pavements worsen. Thank you, Governor Hochul, for your attention to additional funding for NYSDOT capital needs. We applaud Governor Hochul’s leadership and join her in advocating for increased work zone safety as well. As the budget process continues, we are hopeful we can turn around the disturbing trend of deteriorating infrastructure across New York.” Jeff DiStefano, Chairman, Rebuild NY Now.
